PROFESSIONAL SUMMARY

Product Designer with **5+ years** across fintech, B2B SaaS and consumer-facing experiences. Led a shipped **investor home redesign** that improved first-time activation by **47%** and reduced home-related support tickets by **41%**. Built an accessible cross-platform design system using **Claude Code** + **Figma MCP**, and developed a **live, AI-assisted HTML application prototype** spanning multiple user journeys. Bring independent product judgment, research-led UX and close engineering collaboration.

PROFESSIONAL EXPERIENCE

UI/UX Designer | Bridging Technologies, Mohali May 2024 - Sep 2026

- Owned the **Lendee investor home redesign**, combining funnel/session insights, support tickets and two eight-participant usability rounds to identify navigation and funding friction.
- Recommended research-backed improvements, presented trade-offs, designed flows and high-fidelity Figma interfaces, and worked with engineers through implementation and design QA; SUS improved from **55 to 84**.
- Architected **Denefits' four-layer design system** for two web panels and two mobile apps, establishing reusable component patterns, semantic tokens and WCAG 2.2 AA interaction states.
- Directed **Claude Code through Figma MCP** with human quality review; documented CSS/Swift/Android handoff guidance, mentored juniors and explored an AI-assisted contract walkthrough concept.

UX Designer | Techies Infotech, Mohali Mar 2023 - Jan 2024

- Structured B2B SaaS requirements into task flows, information architecture, wireframes and responsive product interfaces for complex workflows.
- Explored navigation and interaction alternatives through Figma prototypes; refined designs with product managers and engineers before implementation.

UI/UX Designer & Frontend Engineer | Manomaya AI, Remote May 2022 - Mar 2023

- Designed responsive SaaS journeys, high-fidelity interfaces and interaction behavior from loosely defined product requirements within a distributed team.
- Contributed to HTML/CSS frontend implementation and design-to-build iterations, improving responsive behavior and visual consistency.

Freelance Product Designer | Global Clients, Remote Jan 2021 - May 2022

- Independently completed **30+ international UX/UI projects**, spanning discovery, user flows, wireframes, interactive prototypes and high-fidelity design.
- Presented concepts, defended decisions and iterated directly with clients; achieved **Top Rated (top 10%)** recognition.

SELECTED PRODUCT IMPACT

Lendee | Investor Home Redesign

View case study

Shipped fintech investor home and funding journeys redesigned to improve navigation and confidence.

- **Research and decisions:** Combined funnel/session analytics, support insights and pre/post usability tests (eight participants per round) to prioritize changes.
- **Product delivery:** Reworked information hierarchy, presented trade-offs and validated the redesign through user testing and implementation review.

+47% first-time activation | -41% home support tickets | SUS 55 to 84

Denefits | Cross-Platform Design System

View case study

Four-layer design system for a patient-financing suite spanning two web panels and two mobile apps.

- **System architecture:** Defined reusable components, semantic tokens and WCAG 2.2 AA loading, empty, partial, error and edge states.
- **AI-assisted delivery:** Directed Claude Code via Figma MCP, reviewed design quality and supplied CSS, Swift and Android handoff guidance.

551 component variants | 343 to 75 color primitives | 64 semantic tokens

ADDITIONAL DESIGN & INTERACTIVE PROTOTYPING

Lendee | AI-Assisted Interactive Application Prototype

Try prototype

Live, **non-production HTML prototype** built with **Claude Code**. Demonstrates onboarding, supporter/recipient flows, receivables and microfunding journeys, with a scenario switcher for first-time/returning users, empty states, payment failure and completion feedback.

Nutritional Scale | Mobile Commerce Concept

View prototype

Self-initiated, **unshipped Figma prototype** for two user personas and three journeys: personalized plans, custom meal checkout and daily/weekly bundles.
