SUMEET RANA

PRODUCT DESIGNER | UX STRATEGY | FINTECH & B2B SAAS

sumeetrana.in | linkedin.com/in/sumeetranaa | sumeetrana849@gmail.com | +91 88940 81697 | India

PROFESSIONAL SUMMARY

Product Designer with 5+ years of experience owning end-to-end digital experiences across fintech, B2B SaaS, and consumer products. Combine user research, behavioral analytics, and interaction design to uncover usability problems, influence product priorities, and improve outcomes. Experienced in complex user journeys, scalable design systems, and cross-functional delivery.

SELECTED PRODUCT IMPACT

Fintech Home Experience Redesign | View case study

Identified friction in home navigation and funding journeys through usability testing and support-ticket analysis; informed a research-led redesign.
+47% first-time activation | +38% repeat funding | −41% home support tickets

Cross-Platform Design System | View case study

Established reusable components and design tokens across four product surfaces to improve consistency and implementation readiness.
343 → 75 color primitives | 64 semantic tokens | 0.71 → 0.03 contrast variance

PROFESSIONAL EXPERIENCE

Product Designer (UX/UI) | Bridging Technologies, Mohali May 2024 – Sep 2026 · 2 yr 5 mo

- Owned key UX decisions as the primary designer for a fintech product, balancing user needs, business goals, and engineering constraints.
- Discovered trust, clarity, and navigation gaps through usability testing and support-ticket analysis; presented evidence to stakeholders and recommended prioritizing the home redesign (3.4% activation baseline).
- Turned research findings into redesigned first-time and returning journeys; owned information architecture, interaction design, prototyping, usability validation, and engineering handoff.
- Led a four-week design-system rebuild across four product surfaces, defining accessible components and semantic tokens for CSS, Swift, and Android implementation.

UX Designer | Techies Infotech, Mohali Mar 2023 – Jan 2024 · 11 mo

- Applied UX research, iterative prototyping, and design reviews to improve B2B SaaS experiences in collaboration with product managers and engineers.

UI/UX Designer & Frontend Engineer | Manomaya AI, Remote May 2022 – Mar 2023 · 11 mo

- Designed user journeys and responsive interfaces for multiple early-stage SaaS products; contributed frontend implementation within a remote team.

Freelance Product Designer | Global Clients, Remote Jan 2021 – May 2022 · 1 yr 5 mo

- Independently delivered 30+ client projects from discovery and wireframes through polished UI; earned Top Rated recognition (top 10% of the platform).

CORE COMPETENCIES & TOOLS

Product design & strategy: End-to-end product design, discovery, problem framing, UX strategy, information architecture, interaction design, prototyping
Research & optimization: User research, usability testing, funnel and behavioral analytics, SUS, support-ticket analysis, activation optimization
Design systems & delivery: Design systems, accessibility (WCAG), design tokens, components, responsive design, cross-functional collaboration, engineering handoff
Tools: Figma (Auto Layout, Components, Variants, Variables, Dev Mode), Framer, Adobe Photoshop, Illustrator, Maze, Microsoft Clarity, Claude, Cursor (AI-assisted prototyping), HTML/CSS
